

Thank you for your interest in the Be The Match Registry of the National Marrow Donor Program!

Be The Match (BTM) Registry Members recruited through your outreach will provide hope, help and cures for many patients over many years.

Here is what you'd need to commit to as a Live Drive Host:

- Work closely with your local BTM Registry Account Executive for the duration of your outreach activity
- Determine circle of influence to target
- Determine date, location, recruitment goal and fundraising goal for your drive
- Determine an appropriate number of kits for your mini drive
- Identify volunteers to help you run your event
- Participate in a 1 hour over-the-phone training session with BTM staff
- Ensure that each registrant fills out the paperwork properly
- Return completed kits with proper paperwork within 1 week of taking samples
- Collect or raise \$25/per kit used and return those funds to BTM along with any unused kits within 2 weeks of the end date of your live drive event

We will provide you with the following, at no cost to you: recruitment/fundraising training and consultation; brochures, fliers and other marketing materials; educational information; registration packets containing consent forms and DNA swab kits. In addition, we can offer drive day support, if needed.

Get started today! Sign and fax this form to 216-447-1707
